

## Tiger's weekly newsletter

14.11.19

This week we have been reading the story of Stick Man by Julia Donaldson. Thank you for all your sticks, the children have been busy using them to make their own stick men. Stick Man sent us a postcard from his travels and we have written back to him asking some questions about the places he visited. We hope he will write to us again from his next destination. In maths, we have been finding out about 2D shapes. Could you encourage your child to go on a shape hunt this weekend and get them to use the shape names and discuss the properties? Eg A triangle has 3 sides and 3 corners. We are all working hard on our weekly challenges and we are encouraging the children to challenge themselves in other areas of their learning. Why not give them some challenges at home!
