

Tiger's weekly newsletter

30.1.20

This week we designed and made our own aliens. We drew them and made some aliens using boxes and tubes. We labelled our aliens and wrote sentences to describe them. We also started to design our own planets, which we will continue next week. We continued addition this week and practised counting on, to work out the answer.

We listened to a song to help us learn about the planets in our solar system and we absolutely loved looking at Google Earth. Please try this at home with you child and see if you can find your house or any places or countries you may have visited.

Next week we are hoping to make lunar buggies (space jeeps) so please keep sending in any small or medium size boxes.

We are also hoping to go on a winter walk next week – please ensure children have wellies in school and have a warm coat and accessories in case it is very cold or wet.

Have a lovely weekend and please keep sending in emails.

From Mrs Tutt, Mrs Taylor, Mrs Guppy, Mrs Greaves, Miss Taylor, Mrs Greenwood and Mrs Goulding and Miss Nero (a trainee teacher who is working with us this term)
